

About Itza Web Cookies

Web cookies are small snippets of text saved on your computer or mobile device that distinguish you from other users of a website. Like most websites, the Itza Media Limited websites use cookies.

We use cookies for five main purposes:

1. To let you do things on our websites - for example, if you use our learning journeys, cookies remember where you are in the journey from page to page.
2. To improve your experience of our websites – for example, so you only get asked to take a survey once, or to hide a form if you've already seen it.
3. Collect anonymous statistics - it's really useful for us to be able to see which pages are the most popular and how people are using them.
4. Social media – if you use Instagram, Twitter or Facebook, cookies can help smooth the sharing process between our sites and your online feeds.
5. Measuring how cost-effective our advertising is – as a start-up company, we need to watch our advertising spend carefully. Cookies are used to help us see how many people who click our adverts go on to do something further (for example, signing up on www.itza.io or taking part in one of our challenges). These cookies do not contain any information that can personally identify you.

Website Cookie Acceptance

By using our websites you consent to our use of cookies as updated from time to time and the cookies we use will be stored on your device (unless rejected or disabled by your browser).

Turning Cookies Off

Internet browsers normally accept cookies by default. However, all modern browsers let you turn off either all or third-party cookies. This varies depending on which browser you're using. If you do not accept our use of cookies as set out in this document, please set your browser to reject cookies. This may impair your ability to use our websites. The option to do this is usually found in your browser's Options, Settings, or Preferences menu.

We may update our use of cookies from time to time and this policy, so please check this policy regularly.

You can find out more about cookies at www.allaboutcookies.org.

More information about how we handle your data can be found in our [Privacy Policy](#) .

The following table contains details of cookies that are used on Itza Media Limited websites and why we need to use them:

Name of cookie		Owner	Purpose for the cookie
cookiesAccepted (Consent)		Itza Media	When a user clicks the 'agree' button on our cookie banner we use a cookie to record this fact so that the banner doesn't show next time they visit.
galaxy-sticky		Itza Media	Two cookies for the hosting platform enabling a user’s session to be maintained with the same server.
meteor_login_token			
(Session)			
YouTube		Google	Where we embed YouTube videos cookies will be used as per Google's privacy policy
Amplitude		Amplitude	Amplitude is a subsidiary ClearBrain, Inc. and they specialise in product cookies enabling us to track user behaviour through our website and measures key metrics such as signups, engagement and retention for our learning journeys.
DoubleClick		Google	DoubleClick is a subsidiary of Google which uses cookies to track how visitors use our website. This information is used in Itza Media’s online advertising to ensure that we are spending our marketing budget effectively.
Google Adwords		Google	AdWords cookies allow us to track the website activity of visitors from our Google AdWords activity to ensure that we are spending our marketing budget effectively.
Facebook		Facebook	Facebook cookies allow us to track the website activity of visitors from our Facebook pages and ensure that our social media activity is effective.

ARRAffinity	Microsoft	This cookie is set by websites hosted on the Windows Azure cloud platform. It is used for load balancing to make sure the visitor page requests are routed to the same server in any browsing session.
_fbp, _ga, _gaexp, _	Tiny MCE	Used to track usage of the third-party formatted text editor provided by Tiny MCE (www.tiny.cloud) through Facebook and Google Analytics.
_ga	Google	Google's Universal Analytics used within the quiz pages to calculate visitor, session and campaign data for the sites analytics reports.
__cfduid	cloudflare.com	The '__cfduid' cookie is set by the CloudFlare service to identify trusted web traffic within the quiz pages.
gat_gtag_UA_73089041_15	quizando.com	Limits limit the number of requests that have to be made to doubleclick.net in the quiz pages.
_gid		Google's Universal Analytics used within the quiz pages to calculate visitor, session and campaign data for the sites analytics reports.
